

BIOGRAPHICAL MEMOIRS OF FELLOWS OF THE ROYAL SOCIETY

VOLUME 7 NOVEMBER 1961 PRICE £1. 10s. (Post extra)

(Bound in blue buckram with 25 half-tone plates)

Published by the Royal Society, Burlington House, Piccadilly, London, W. 1

CONTENTS

- WILLIAM LAWRENCE BALLS** 1882–1960 Botanist and textile technologist. Formerly Chief Cotton Technologist in Egypt. Earlier Chairman Joint Study Committee Empire Cotton Growing Corporation and Shirley Institute of the British Cotton Industry Research Association. By S. C. Harland, F.R.S.
- PERCY GEORGE HAMNALL BOSWELL** 1886–1960 Geologist. Emeritus Professor of Geology at the Imperial College of Science and Technology. Earlier Professor of Geology at the University of Liverpool. Past President Geological Society. By G. H. Mitchell, F.R.S.
- MAURICE, LE DUC DE BROGLIE** 1875–1960 Physicist. Member Académie des Sciences and l'Académie Française. By Wm Wilson, F.R.S.
- WILLIAM JOLLY DUNCAN** 1894–1960 Mathematician. Mechan Professor of Aeronautics and Fluid Mechanics, University of Glasgow. Chairman Aeronautical Research Council. By E. F. Relf, F.R.S.
- THOMAS RENTON ELLIOTT** 1877–1961 Physiologist. Emeritus Professor of Medicine in the University of London. Consulting Physician, University College Hospital London. By Sir Henry Dale, F.R.S.
- ROBERT ALEXANDER FRAZER** 1891–1959 Mathematician. Fellow Royal Aeronautical Society and of Institute of Aeronautical Sciences. By Sir Alfred Pugsley, F.R.S.
- WILLIAM EDWARD GARNER** 1889–1960 Chemist. Emeritus Professor of Physical and Inorganic Chemistry in the University of Bristol. By C. E. H. Bawn, F.R.S.
- PETER ALFRED GORER** 1907–1961 Pathologist, immunologist, geneticist. Reader in Experimental Pathology at Guy's Hospital. An authority on serology and serological genetics of tissue transplantation. By P. B. Medawar, F.R.S.
- ROSS GRANVILLE HARRISON** 1870–1959 Embryologist. Inventor of tissue culture. Formerly Chairman United States National Research Council. By M. Abercrombie, F.R.S.
- GEOFFREY JEFFERSON** 1886–1961 Neuro-surgeon. Emeritus Professor of Neuro-surgery in the University of Manchester. Past President Society of British Neurological Surgeons. By Sir Francis Walshe, F.R.S.
- HAROLD SPENCER JONES** 1890–1960 Astronomer. Formerly Astronomer Royal. Earlier H.M. Astronomer at the Cape of Good Hope. Past President Royal Astronomical Society. By R. v. d. R. Woolley, F.R.S.
- WILLIAM HENRY LANG** 1874–1960 Botanist. Emeritus Professor of Cryptogamic Botany in the University of Manchester. By Sir Edward Salisbury, F.R.S.
- ERNEST JOHN MASKELL** 1895–1958 Botanist. Mason Professor of Botany in the University of Birmingham. By G. E. Briggs, F.R.S., M. J. P. Canny and J. Barker, F.R.S.
- CHARLES EDWARD KENNETH MEES** 1882–1960 Chemist (photography). Formerly Director in Charge of Research, Eastman Kodak Research Laboratories. By Walter Clark
- DAVID RANDALL PYE** 1886–1960 Engineer. Formerly Provost of University College London. Earlier Director of Scientific Research at the Air Ministry. By O. A. Saunders, F.R.S.
- OTTO RENNER** 1883–1960 Botanist. Formerly Professor of Botany in the University of Munich. By C. D. Darlington, F.R.S.
- ERWIN SCHRÖDINGER** 1887–1961 Physicist. Formerly Professor of Theoretical Physics, Dublin. Nobel Laureate in Physics 1933. By W. Heitler, For.Mem.R.S.
- HUGH SCOTT** 1885–1960 Entomologist and Explorer. Formerly Assistant Keeper of Entomology at the British Museum (Natural History). By W. R. Thompson, F.R.S.
- LEONARD JAMES SPENCER** 1870–1959 Mineralogist. Formerly Keeper of Minerals at the British Museum (Natural History). By C. E. Tilley, F.R.S.
- REGINALD GEORGE STAPLEDON** 1882–1960 Agricultural Botanist. Formerly Director of the Welsh Plant Breeding Station, Aberystwyth. By Sir John Russell, F.R.S.
- JOHN SEBASTIAN BACH STOPPFORD, BARON STOPPFORD OF FALLOWFIELD** 1888–1961 Anatomist. Formerly Vice-Chancellor of the University of Manchester. By Sir Wilfrid Le Gros Clark, F.R.S. and W. Mansfield Cooper
- FREDERICK JOHN MARRIAN STRATTON** 1881–1960 Astronomer. Emeritus Professor of Astrophysics in the University of Cambridge. General Secretary International Council of Scientific Unions 1937–1952. By Sir James Chadwick, F.R.S.
- NILS EBERHARD SVEDELIUS** 1872–1960 Botanist. Member Royal Swedish Academy of Science. By C. Skottsberg, For.Mem.R.S.
- HENRY THOMAS TIZARD** 1885–1959 Chemist; pioneer and leader in application of science in national affairs and in defence. Formerly Rector Imperial College of Science and Technology. Earlier Chairman Aeronautical Research Committee and Chairman Advisory Council on Scientific Policy. By Sir William Farren, F.R.S. (with a note by R. V. Jones)
- JOHN HENRY CONSTANTINE WHITEHEAD** 1904–1960 Mathematician. Wayneflete Professor of Pure Mathematics in the University of Oxford. By M. H. A. Newman, F.R.S.

PROCEEDINGS OF THE ROYAL SOCIETY, SERIES B

No 961

10 April 1962

Vol 155

CONTENTS

	PAGE
The Croonian Lecture. The transmission of impulses from nerve to muscle, and the subcellular unit of synaptic action. By B. KATZ, F.R.S. (Plates 40 to 42)	455
Investigations on the auxins in tomato crown-gall tissue. By M. H. DYE, G. CLARKE and R. L. WAIN, F.R.S. (Plate 43) .	478
The physiology of insect fibrillar muscle. IV. The effect of temperature on a beetle flight muscle. By K. E. MACHIN, J. W. S. PRINGLE, F.R.S. and M. TAMASIGE	493
Ventures with an artificial placenta. I. Principles and preliminary results. By L. LAWN and R. A. McCANCE, F.R.S.	500
The cerebrospinal fluid pressure response to certain acute vascular changes. By F. HOWARTH	510
External leaf waxes and their modification by root-treatment of plants with trichloroacetate. By O. R. DEWEY, G. S. HARTLEY and J. W. G. MacLAUHLAN	532
The distribution of antibody activity in hedgehog serum. By B. MORRIS and R. W. BALDWIN	551
A quantitative and cytological study of oogonia and oocytes in the foetal and neonatal rat. By HEATHER M. BEAUMONT and ANITA M. MANDL (Plates 44 to 49)	557
Nucleic acid and protein content of <i>Bact. lactis aerogenes</i> . I. Equilibrium and non-equilibrium conditions. By A. C. R. DEAN	580
Nucleic acid and protein content of <i>Bact. lactis aerogenes</i> . II. Variation during conditions of nutrient deficiency. By A. C. R. DEAN	589
Nucleic acid and protein content of <i>Bact. lactis aerogenes</i> . III. Effect of certain drugs. By A. C. R. DEAN	599
A discussion on progress and needs of marine science. Under the joint leadership of G. E. R. DEACON, F.R.S. and F. S. RUSSELL, F.R.S. (Contents only of the report in Series A) . . .	604
Index	605
